# TAIKO SUMMIT COLORADO 2018

## A-Two-Day Japanese Drumming event

The thunder of Taiko is pure. It cleanses both the senses and the surroundings of those who pray. As with most drumming traditions with origins in primitive societies, Taiko celebrates almost all aspects of life from birth to death.

In celebration of the international popularity of Japanese Taiko drumming, and in recognition of the growing connections between Nagano Prefecture, Japan, and the State of Colorado, founder/executive producer of Taiko Summit Colorado and director of Boulder Taiko, Julia Misawa is proud to present "Taiko Summit Colorado 2018 (TSC2018)". TSC2018 presents a major concert and workshop by internationally renowned "Makoto Yamamoto", the lineage holder and the grandson of Grand Master "Daihachi Oguchi", founder of modern Taiko and Osuwa Daiko (a National Treasure of Japan), of Suwa Taisha Shrine in Nagano, Japan.
