**One World Taiko** is a professional Japanese drum ensemble that captivates audiences of all ages with their heart pounding rhythms and dynamic movement. They have performed at performing art centers, festivals, colleges, corporate events and at over 1000 K-12 schools throughout the USA. Their assembly program brings diversity and cultural awareness to students, building a bridge of cultural understanding through the art of taiko.

***“awesome, captivating, powerfully fast drumming, outstanding mastery of the art”***

Their school performances feature traditional and original compositions interwoven with descriptions of the drums and other instruments and the history of taiko in Japan and here in America. During a lively interactive section on how to play, a group of students are invited up to play the taiko.

***“educational, cultural and musical, excellent interaction and their ability to relate to students was exemplary”***

After starting their group in the San Francisco Bay Area, Gary Tsujimoto and Nancy Ozaki have been performing for over 25 years throughout the USA and in Europe, Japan and the Middle East. One World Taiko performed full time for 4 years as resident taiko drummers at Walt Disney World’s Epcot Center in Orlando, Florida. From 2014 to 2017, they toured the USA from coast to coast for nine months each year while on a roster of performing artists booked by a professional agency.
